JP,

We would like to see if PMA can help us gathering information in the Intel area. We have a White Paper attached that proposes that a National Space Intelligence Center (NSIC) may be in the plans. We need to ask PMA to visit with OSD and Hq Air Force to determine the plans and status for making a decision on the NSIC. Timely engagement on this topic now before a decision is made and announced is more likely to be successful than engaging in a defensive manner after a non-favorable decision is made.

Thanks,

Lou
