[REDACTED]
Wright-Patterson AFB OH 45433-7101

FROM: HQ AFMC/IG

SUBJECT: Inspector General Complaint (ACTS FRNO# 2012-16831)

1. On 29 August 2012, you contacted this office to file a complaint. Your complaint alleged improper conduct, and potential fraud, waste and abuse, on the part of private citizens and elected officials; and alleges improper disclosure of "sensitive, unclassified information."
2. It is clear from your complaint that you take a concerned and thoughtful approach to your community and the actions of community leaders. We appreciate this as vigilance is key to the democratic process and ensuring the integrity of our most valued institutions. As far as your specific inquiry is concerned, we must dismiss your complaint in accordance with AFI 90-301, Table 3.12, Rule 1, 2, 3 and 6. As a result of a thorough analysis of all documents and allegations, there is no violation of law, instruction or policy in matters appropriate for the IG. In addition, the allegations, having occurred several years ago, are not considered timely in accordance with AFI 90-301 paragraph 2.5, and are beyond our purview.
3. Please be assured, we take very seriously the issues you brought to our attention. You may request the next higher level review by SAF/IGQ, if you are not satisfied with this complaint resolution. You must request this review in writing within 90-days of receiving this letter and you must provide specific reason why you believe the complaint resolution was not valid or adequate. It is your responsibility to provide additional information that justifies a higher-level review on previously considered issues such as this. Simply disagreeing with the findings presented is not sufficient reason to justify a higher-level review. I know this was an important issue for you: I want you to know I carefully considered all available information. Thank you for bringing these matters to our attention.
